Procedure for Entry of Failed Screening Results

This document contains correct examples of a student whose initial Hearing screening contained failures. For each failure, the referral section will contain 2 rows showing the referral and follow-up information.

Note: If student passed all screenings, no referral or follow-up is needed.

The following icons display at the top right of the Exams page:

- (Save) Saves new or updated records.
- Q (Search) Display the search page to search for records or to select a record from the search results.
- $oldsymbol{arepsilon}$ (Load) Display results based on a search or selections.
- (Date/Time Stamp) View the change information for the record.

Example 1: Referral where student fails when rescreened

1. Click **O** (Add) at the end of the exam panel to add the initial screening data.

A Referral Detail						
Referral Code*	Referral Date*	Followup Code	Followup Date	Doctor Name	Referral Comments	Î
S - School v Nurse	01/08/2018	I - In-Process v	01/08/2018			

3. The first referral row shows a referral to the school nurse with a follow-up code of 'l' for In Process.

The school nurse rescreens student at a later date.

- 1. Within the <u>initial</u> screening date section on a new Referral row, add the re-screening data showing a referral to the school nurse with a follow-up code of 'T- Rescreened' to indicate a rescreening occurred.
- 2. Select 🖺 (Save).

Referral Detail						
Referral Code*	Referral Date*	Followup Code	Followap Date	Doctor Name	Referral Comments	Ŵ
S - School V Nurse	01/08/2018	1 - In-Process	• 01/08/2018 🛗			
S - School	01/22/2018	T - Re- Screened	• 01/22/2018 🛗			
			v 🏥			

- 3. Each screening requires an additional record. Click ♀ (Add) at the end of the exam panel to add the additional screening data with the appropriate screening information. The initial screening row will be visible in a collapsed row below the new screening data displaying the Grade, Date, Right, Left, Notes, and Referral.
- 4. When the student fails the second screening, enter the referral date and add a referral with the appropriate referral code for the screening and indicate a followup of 'I In Process'.
- 5. Select 🖺 (Save) to complete the record.
